**OFFICE OF PETITIONS**

In re Application of :  
Aaron et al. :  
Application No. 10/811,585 :  
Filed: March 29, 2004 :  
Attorney Docket No. BELL-0340/00379 C1 :

ON PETITION

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed May 13, 2008, to revive the above-identified application.

The petition is **GRANTED**.

The application became abandoned for failure to timely file a reply within the meaning of 37 CFR 1.113 to the final Office action of October 22, 2007. The proposed reply required for consideration of a petition to revive must be a Notice of Appeal (and appeal fee required by 37 CFR 41.20(b)(2)), an amendment that *prima facie* places the application in condition for allowance, a Request for Continued Examination and submission (37 CFR 1.114), or the filing of a continuing application under 37 CFR 1.53(b). See MPEP 711.03(c)(II)(A)(2). In view of the 2-month extension of time filed March 20, 2008, the date of abandonment of this application is March 23, 2008.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of a Request for Continued Examination (RCE) and fee of \$810, and the submission required by 37 CFR 1.114, (2) the petition fee of \$1,540, and (3) a proper statement of unintentional delay.

An extension of time under 37 CFR 1.136 must be filed prior to the expiration of the maximum extendable period for reply. See In re Application of S., 8 USPQ2d 1630, 1631 (Comm'r Pats. 1988). Since the \$1,050 extension of time fee submitted on May 13, 2007 was subsequent to the maximum extendable period for reply, this fee is unnecessary and will be credited to petitioner's deposit account as requested.

Telephone inquiries concerning this decision should be directed to Alicia Kelley at (571) 272-6059.

This application is being referred to Technology Center AU 2135 for processing of the RCE and for appropriate action by the Examiner in the normal course of business on the amendment submitted in accordance with 37 CFR 1.114.
